

Dear Mr. May,
I hasten
to answer your
note of the 6th, by
saying, that I
hope the Worcester
Ladies are relieved
of their anxieties ere
this time, for,
happening in town
the day before the
1st August, I com-
missioned ~~Miss~~
Mrs. Wadcut

to tell Mrs Eastle,
that we had
a very fine col-
lection of articles
for the fair,
infinitely superior
to last year
as many & as
good, if I recol-
lect rightly, as the
first year that
they held their
fair. Dr Tappan
also undertook
to tell his friends,
on that day,
I would gladly
be in town on
Friday, but the

case of my
furnace, which
is in process of
setting & of my
baby, will en-
-tirely prevent -

Warren con-
-tinues to improve -

The best news
we have had
from him came
this morning - I
think Anne will
see him soon - I
trust Mrs May's
health is quite
restored & with
much love to her
& the children -

if my dear Mother
will permit herself
to be called one,
I am most
truly yours
J Weston
